REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the Fitzwilliam School Board:

I herewith submit to you my second annual report as Superintendent of Schools, this being the twentieth under district supervision. The enactment of the new educational law placing the entire state under supervision has made but slight changes in the geographical arrangement of this district, only one town being added to the four that have worked together during the past ten years. This has been of mutual advantage since the acquaintance with the work gained during the past year has enabled me to have a more thorough understanding of the problems we are trying to work out than would have been the case if two or three new towns were added to the original district.

During the past year special attention has been given to the rearrangement of the high school. Two years ago we found the high school rather disorganized. It was then decided to change to a two-year high school, but the original enrollment of 12 did not hold up long after the re-opening of school after the interruption on account of the influenza and we decided that a further readjustment must be made to meet existing conditions.

In this matter we received helpful suggestions from

Deputy Commissioner James N. Pringle, formerly superintendent in this district, whose wide acquaintance with school conditions throughout the state gave him an exceptional opportunity to be of assistance to us. In conference with the superintendent and school board, and later in the community meeting held in February, 1919, he outlined the plan that was adopted, that of reorganizing the school on the plan of a three year junior high school. This involved the reopening of the room formerly used in the town hall and the organization of an intermediate school of grades four, five and six. This in turn reduced the primary school to three instead of four grades. At the Depot the schools were rearranged on the same basis. The pupils of grades seven and eight were transported to the junior high school and the former grammar school room made an intermediate school of grades four, five and six, and the primary room made to consist of the first three grades.

These changes have wonderfully improved the schools, both at Fitzwilliam Village and at Fitzwilliam Depot. The junior high school has been as large as had been anticipated and the work has been of a superior quality. The interest on the part of pupils and parents is clearly shown by the attendance during the first term of the school year. With an enrollment of 30 pupils there has been an average membership of 29.32 and an average attendance of 26.6.

No small part of the success of the new arrangement has been due to the excellent teachers secured in the junior high school. Last May we secured Mr. Lawrence B. Norton to complete the year in the high school, and the excellent results he obtained during those few weeks led to his unanimous reelection, which he accepted.

Mr. Norton is a graduate of the Washington State Normal School at Machias, Maine, and he has had valuable experience in teaching in the training school at Madawaska, Maine, and we secured him soon after he was released from service in the United States Army. He is teaching mathematics, English, history of civilization, elementary science, and manual training.

For the Domestic Arts and French courses we secured Miss Olive A. Taggart of Manchester. Miss Taggart is a graduate of Keene Normal School and Simmons College. She has proved herself a capable teacher and her pupils are intensely interested in her courses.

The noon lunches which we tried to revive last year have been carried on successfully, and a number of excellent meals have been served to parents and friends of the school.

Miss Bessie M. Barrett of Wilton, a graduate of Lowell Normal School, and a teacher of considerable experience, was secured to teach the Village Intermediate school and her work thus far has shown pleasing results. More effective work can be obtained in a school of three grades than in one of four and a careful examination of the work from week to week has shown encouraging progress on the part of the pupils.

Miss Helen J. Ober returned as teacher of the primary school for the third year, and with an enrollment of 29 pupils in three grades, as against 46 in four grades last year, we may look for much more thorough work. Every effort is being made to carry the work of these three grades through the required standards set forth by the new State Board of Education, and I confidently expect that these standards will be realized.

Miss Mildred Sturtevant, who taught the Depot primary school last year, is now in charge of the Depot intermediate school. The enrollment in this school is 22. The reorganization of the junior high school has eliminated many, if not most of the difficulties in the way of discipline at the Depot schools, and there is every reason to look forward to a corresponding improvement in the work of these schools. A recent test in English given throughout the supervisory district found pupils of the Depot intermediate school doing work that compared favorably with work in the same grades in Troy and Jaffrey. A less formal inspection of the work in reading and arithmetic has shown encouraging improvement over the work of last year.

The Depot primary school is in charge of Miss Bernice I. Buxton, a graduate of Plymouth Normal School, who has taught one year in Rindge. This school shows an enrollment of 36 as against 48 in the four grades that were represented in the school last year. The work in this room has shown steady improvements and there is every reason to believe that the required standards will be met during the school year.

The school at State Line is for the third year being taught by Miss Ruth A. Manning. Miss Manning is a graduate of Fitchburg Normal School. The school is about the same size as last year, showing an enrollment of 16 as against 15 at that time. Six out of the eight grades are represented in this school.

Little need be said regarding the work of Miss Blodgett in District No. 10. There may be better rural schools in the state than this, but if so they may easily be counted on the fingers of one hand. The splendid community spirit as well as the high standard of scholarship makes this a school well worth traveling miles to visit.

We were fortunate in being able to secure Miss Holtham to continue her musical instruction in the schools another year. The results obtained must have been pleasing to all who are interested in the welfare of our pupils.

During the summer extensive repairs were made at Fitzwilliam Depot and the heating arrangement changed both there and in the high school. The result of the change in the heating system has not only been a saving in fuel but we have had warm and well ventilated rooms instead of cold rooms filled with gas or smoke.

As soon as possible the walls and ceiling at State Line should be cleaned and tinted, and either slate blackboards installed or the present boards improved by proper surfacing. The matter of proper lighting and the sanitary arrangement and care of the toilets must be given consideration in all the schools as one of the minimum requirements of the State Board of Education.

For another year we must give special attention to continuing the work of the junior high school. After finding the school on probation on account of incomplete work two years ago, it is gratifying to have a report from the state department that the school is now fully approved as a junior high school. Having obtained these results we must not relax our efforts to retain them.

The big problem facing the Fitzwilliam schools, as well as the schools throughout New Hampshire, is that of readjusting our salaries to meet present conditions. Salaries that were considered adequate two years ago will not hold ambitious teachers another year. Situated as we are on the Massachusetts line with the salaries offered in that state as an attraction

we must meet the increase or face the opening of another year with depleted ranks. Only recently a Massachusetts superintendent offered one of our teachers receiving $17 per week a large increase to fill a vacancy in his town. She decided, however, to stand by the contract made last summer. But when the contracts for another year are being considered unless we can meet the salaries offered in other towns, both in this state and in Massachusetts, we shall have difficulty in filling our positions. With Keene and Plymouth normal schools graduating only fifty per cent of the number graduated only a year ago, and with the Massachusetts normal schools showing about the same proportion the demand for teachers another year will be enormous, and the salaries paid will necessarily be high, as compared with our present schedule.

I wish to thank the parents and citizens for the support they have given me; the school board for their help and co-operation; and the teachers for their loyalty and good-will. It is only as we all work together that the best results can be obtained.

Respectfully submitted,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H., January 31, 1920.

REPORT OF SCHOOL BOARD

OF FITZWILLIAM, N. H.

The annual school meeting of Fitzwilliam was held at a later date than usual last year because of pending bills in the legislature which, if passed, would radically change our school laws.

This new school law was passed in March of last year and we append below extracts of what especially applies to our raising school money.

Minimum required by law. P. S. 1. (As amended.)

"The selectmen in each town shall assess an annual tax of three dollars and fifty cents on each thousand dollars of the value of the ratable estate taxable therein for the support of the public schools."

Provision for state aid. Laws of 1919, 106:22.

"In any district in which the money produced by a tax of five dollars on a thousand dollars of the value of the ratable estates in the district is insufficient to maintain the required elementary and special schools, and to purchase the required textbooks, scholars' supplies, flags and appurtenances, the state board shall provide the balance of the money necessary from the money appropriated for that purpose by the provisions of this act," etc.

In addition to this the selectmen of each town are obliged to assess each year as its share in the expense of state-wide supervision of the public schools, a sum equal to two dollars for each child residing in the district, who was enrolled in the public schools in the last previous school year.

The provisions of the law covers elementary schools and not high schools, but our high school being a junior high it was ruled by State Deputy Mr. Pringle, that one-third of the expense of conducting this school should be considered as the high school expense, to be paid for by the town, and the other two-thirds to go in the elementary class, to be paid for jointly by the town and state.

For the fiscal school year beginning September 1, 1919, and ending August 31, 1920, we rendered to the state the following estimate of expenses:

Teachers' salaries,	$5,908 00
Textbooks, supplies, flags, and minor expenses,	475 00
Janitor service, fuel and supplies,	940 00
Minor repairs and expenses,	350 00
Medical inspection,	50 00
High school and academy tuitions,	180 00
Alteration of building and new equipment,	300 00
Tax for state-wide supervision,	422 00
Transportation,	1,800 00
District officers and expense of administration,	385 00
Total amount estimated to be required for the school year ending Aug. 31, 1920,	$10,810 00

As our requirements are far in excess of the $5.00 per $1,000.00 tax, we come under the head of state aid towns, and raised the following for schools:

$5.00 per $1,000.00 on an inventory of $842,065.00,	$4,210 33
Additional raised,	89 67
For high schools,	1,000 00
Medical inspection,	50 00
Repairs,	500 00
To be assessed:	
For high school tuitions,	180 00
District officers,	200 00
Per capita supervisory tax,	400 00
From the state for qualified teachers,	288 00
Tuition rebate,	94 50
From town for dog licenses (estimated),	150 00
	$7,162 50

The balance above this amount raised, necessary to run our schools for the fiscal year, are, as per the new school law, to come from the state.

Up to February 1, the School Treasurer had drawn from the town school money to the amount of $6,432 50

We have expended as follows:

For teachers,	$3,082 56
Textbooks and supplies,	383 22
Janitors and supplies,	179 80
Repairs and alterations,	703 88
Transportation,	864 75
Fuel,	123 00
Truant officer,	43 55
For state-wide supervision,	422 00
Making a total expended of	$5,802 76

The changing of the school fiscal year and making it different than the town fiscal year is confusing and not at all satisfactory.

It is an impossibility in these days to estimate even approximately what our running expenses will be for nearly a year ahead.

To the best of our ability we append below our budget of school money estimated as required for the school year beginning September 1, 1920 and ending August 31, 1921:

SCHOOL BUDGET 1920-21

	Elementary	High School
For support of schools, (teachers, fuel, transportation, supplies, etc.),	$9,090 00	$1,270 00
Textbooks and scholars' supplies,	300 00	100 00
Flags,	40 00	10 00
High school tuitions,		180 00
	$9,430 00	$1,560 00

Estimated amount required to be raised by the Town of Fitzwilliam for the year 1920-21:

For support of schools, $5.00 on $1,000.00 on a town valuation of $842,000.00,	$4,210 00
For support of high school,	1,560 00
For payment of per capita tax,	430 00
	$6,200 00

Art. 30. To see if the town will vote to raise and appropriate the sum of $1,750 for the purpose of resurfacing the state aid road and set the same aside until such time as the highway commissioner orders the same to be done.

Art. 31. To see if the town will vote to accept the following cemetery trust funds, for the care of the following cemetery lots: from the estate of O. Wilson Kimball for the care of the O. Wilson Kimball lot, the sum of $50; from Mrs. Bertha D. Brown the sum of $100 for the care of the Oliver Darling lot; from the estate of Harvey A. Clark the sum of $50 for the care of the Harvey A. Clark lot; from the estate of Albert L. Ellis the sum of $50 for the care of the Albert L. Ellis lot; from Edwin N. Bowen the sum of $50 for the care of the Edwin N. Bowen lot; from A. M. Wheeler the sum of $75 for the care of the lot of Asa Brewer and family; the income from the above sums to be used for the within mentioned purpose.

Given under our hands and seal this twenty-first day of February, in the year of our Lord nineteen hundred and twenty.

EDWIN N. BOWEN,
CHARLES P. BOSWORTH,
Selectmen of Fitzwilliam.

A true copy of warrant—Attest:

EDWIN N. BOWEN,
CHARLES P. BOSWORTH,
Selectmen of Fitzwilliam.

Art. 20. To see what action the town will take in regard to the free use of the upper hall and the G. A. R. hall for the benefit of the Monadnock Post No. 38 American Legion.

Art. 21 To see what sum of money the town will raise for a War Memorial, hear report of committee heretofore appointed, and take any action thereon.

Art. 22. To see if the town will vote to raise and appropriate the sum of $1,000 for stone road construction on the highway between the house of Annie L. Bryant and the Laurel Lake Inn.

Art. 23. To see if the town will vote to raise and appropriate the sum of $100 to repair and paint the spire of the town hall.

Art. 24. To see if the town will vote to discontinue the road known as the Johnson road, beginning one rod south of the Scott Pond bridge thence northerly to the Jaffrey line.

It can be readily seen that the school, like everything else, has suffered from these days of high costs. A town like Fitzwilliam can be likened to a man who has retired on a small fixed income. His income is always the same, while his cost of living has greatly increased.

Our valuation has not been increased by war activities, while the expense of running our schools and other departments has doubled within a few years. It is indeed fortunate for us that this new school law was passed, as it practically makes the amount of money we must raise stationary, regardless of the increase of school costs. If we were obliged to raise all the money necessary for our schools, it would mean a tax for schools alone of about $1.45 per $100.00.

Fitzwilliam has always been a good place to live in and we can only keep it so by maintaining at all costs our schools, our churches, and our library.

You may believe in these institutions or not, you may support them or not, but this fact you can no more deny than you can deny that day follows night: Any town can be judged by the condition of its schools, its churches, and its library. If the town is flourishing, these institutions are flourishing if a town is decadent, you will find its schools poor and its churches closed.

These are trying times, when we need help and not discouragement. The outlook is not bright, but we should remember it is often darkest just before dawn.

Respectfully submitted,

FRANCIS R. PARKER,
LOLIE CLARK PIERCE,
GEORGE S. EMERSON,
School Board of Fitzwilliam.
